STATE CLEARINGHOUSE

NEWSLETTER

May 16 through 30, 2003

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **May 16 through 30th, 2003.**

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse.html#clearinghouse

Questions regarding federal grant notices should be directed to Sheila Brown.

Questions regarding processing of environmental documents should be directed to:

Phillip Crimmins (for projects in Northern California)
Scott Morgan (for projects in Southern California)

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 222) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

DATE: MAY 15, 2003
TO: ALL CEQA LEAD AGENCIES
FROM: TERRY ROBERTS, STATE CLEARINGHOUSE
RE: ACKNOWLEDGEMENT LETTERS FOR CEQA DOCUMENT SUBMITTALS

Due to recent budget cuts we are no longer able to provide written acknowledgement of the receipt of your Environmental Impact Report or Negative Declaration for state review. We will discontinue this service effective June 1, 2003. You may call the State Clearinghouse at (916) 445-0613 to request verbal confirmation, or access that information by visiting our CEQAnet database at www.ceqanet.ca.gov. We apologize for any inconvenience this may cause you.

The State Clearinghouse will continue to provide a closing letter with any state comments on the date following the close of the review period.

ENVIRONMENTAL DOCUMENT FILINGS WITH THE STATE CLEARINGHOUSE 1999 through 2002

	NOP	EIR	ND/MND	NOD	NOE	EA	EIS	OTHER	DOCUMENT TOTAL	Total Projects
1999	602	481	2007	1808	2699	41	22	177	7,837	6,715

2002	648 (5%)	546 (4%)	2675 (20%)	3115 (24%)	5738 (43%)	66 (0.5%)	14 (0.1%)	409 (3%)	13,211 (100%)	---

KEY:

NOP	Notice of Preparation
EIR	Draft Environmental Impact Report
ND/MND	Negative Declaration/Mitigated Negative Declaration
NOD	Notice of Determination
NOE	Notice of Exemption
EA	Environmental Assessment (federal)
EIS	Environmental Impact Statement (federal)
OTHER	Other types including Final EIRs, Early Consultation, etc.

NOTES:

Percentages in parenthesis indicate the percentage of total documents for calendar year 2002.

There are more Total Documents than Total Projects because there are often multiple environmental documents filed for any individual project.

CEQA & Planning Case Law

Summary of Recent CEQA & Planning Case Law

The following are summaries of recent court cases relating to the California Environmental Quality Act and/or land use planning law.

No Cases have been selected for the period of May 16 - 30th, 2003.

Please be advised, the information contained in these summaries does not constitute legal advice, nor should the summaries be relied upon as a matter of law. Refer to the full text of the cases cited for the complete ruling and case facts.

CEQA Documents

Key for abbreviations of Document Type:

CON	Early Consultation Notice
EIR	Draft Environmental Impact Report
SIR	Supplemental EIR
SBE	Subsequent EIR
EIS	Draft Environmental Impact Statement
EA	Draft Environmental Assessment
JD	Joint Document (CEQA/NEPA)
FONSI	Finding of No Significant Impact
Neg Dec	Negative Declaration/Mitigated Negative Declaration
NOE	Notice of Exemption
NOD	Notice of Determination
NOP	Notice of Preparation (of an EIR)
Oth	Other type (none of the above)

CEQA Actions

<u>Documents Received on Friday, May 16, 2003</u>			
1995011015	<p>Newhall Ranch Specific Plan and Water Reclamation Plant Los Angeles County Santa Clarita--Los Angeles</p> <p>The applicant has prepared the Newhall Ranch Specific Plan which covers a total 11,963 acres. As directed by the Court, the County will again consider approval of the Specific Plan and WRP, but only with respect to the additional analysis of the issues indicated above. The Specific Plan includes 22,038 dwelling units on 4,835 acres (including an 18-hole golf course, 10 neighborhood parks and seven schools), 630 acres of mixed-uses (including residential, office, and retail commercial uses), 67 acres of commercial uses, 256 acres of business park uses (including light manufacturing, warehousing and distribution), 37 acres of visitor serving uses, 6,138 acres of open area, 3 community parks on 186 acres, and 367 acres of arterial roads and community facilities (including a new 6.9 million gallon per day water reclamation plant, one library and two fire stations). The Specific Plan would build out over approximately 25 to 30 years, with market forces driving the phasing schedule. Development of the Newhall Ranch Specific Plan area would result in an on-site resident population of approximately 59,000 persons.</p>	FIN	
2001082059	<p>Wal-Mart, Inc. c/o Robert A. Karn & Associates Fremont, City of Milpitas--Alameda</p> <p>Construction of a Wal-Mart store (141,140 sq. ft.) and Garden Center (14,512 sq. ft.) on about 13.6 acres of a site. The remainder of the site would be subdivided into three parcels available for the future industrial development. Total site area is 16.6 acres.</p>	FIN	
2002101020	<p>Orange County Great Park Plan EIR Irvine, City of Irvine--Orange</p> <p>The project consists of numerous discretionary actions including: general plan amendment, zone change, pre-zoning, and annexation. The project also includes approval of a Development Agreement vesting approval of higher intensity overlay uses in consideration for dedication of land for public purposes and for developing and funding certain infrastructure improvements and maintenance of the public uses by the purchase/developer and subsequent landowners and funds for specified park, roadways, and other circulation facilities and infrastructure. Implementation of the proposed project would allow for the minimum development of 3,625 dwelling units and 6,585,594 square feet of non-residential uses. Specifically, the project provides for the following uses: agriculture, residential, habitat preserve, research and development, education, retail, open space sports park, open space exposition center, open space park, open space cemetery, open space golf course, drainage corridor, wildlife corridor, institutional uses, and transit oriented development.</p>	FIN	
1996072016	<p>South Schulte Specific Plan Tracy, City of Tracy--San Joaquin</p> <p>New Specific Plan area for annexation to be for residential, mixed-use urban center, and industrial use.</p>	NOP	06/16/2003

<u>Documents Received on Friday, May 16, 2003</u>			
2003051082	Estancia High School Athletic Stadium Complex Newport-Mesa Unified School District --Orange The project would include the development of two bleacher structures, a press box, a support building, a new/ refurbished field events area, and involves the installation of elevated field lights, a public address/ sound system, a new score board, and other related improvements.	Neg	06/16/2003
2003051083	Conditional Use Permit No. 02-304 / Tract Map 53953 Los Angeles County Department of Regional Planning Whittier--Los Angeles This is a request to authorize subdivision of a property to 22 affordable housing units, consisting of 11 single-family lots and one condominium lot with 11 detached units, in addition to a conditional use permit for density bonus. Each unit will have a two-car garage and separate front and rear yards. Size of the units will range from 1,550 to 1,750 square feet, consisting of four bedrooms, two 1/2 to 3 1/2 bathrooms and two-car attached garage. There are currently three single-family homes situated on site. The three existing structures on the property will be demolished.	Neg	06/16/2003
2003051084	Rossi Minor Use Permit D020140P San Luis Obispo County Paso Robles--San Luis Obispo A request to construct three 4,950 s.f. commercial buildings, an approximately 310 foot long paved access driveway, and an approximately 22,000 s.f. paved parking area. The area of impacts is approximately 1.7 acres.	Neg	06/16/2003
2003051085	General Service Surplus Land Sale (Reindeer Pl.) San Luis Obispo County Paso Robles--San Luis Obispo A proposal by the County of San Luis Obispo General Services for a surplus land sale of an approximately one acre parcel. No development of the subject property is proposed at this time.	Neg	06/16/2003
2003051086	Montgomery Grading Permit B021642-002 San Luis Obispo County --San Luis Obispo proposal by John Montgomery for a grading permit to allow for the grading of a driveway and house pad for the construction of an approximately 1,976 square-foot modular home and a 2,000 square foot barn. The project will result in approximately 41,000 square feet of site disturbance and will require 1,500 cubic yards of fill. The project is located on the west side of Yosemite Place, approximately 500 feet south of Sunburst Road and 2/3 mile south of Highway 41, approximately 5 miles east of the community of Creston, in the El-Pomar - Estrella planning area.	Neg	06/16/2003
2003051087	Wellsona Warehouse Facility; Minor Use Permit D010286 San Luis Obispo County Paso Robles--San Luis Obispo Proposal by Bernd Scharfenberger for a warehouse facility consisting of a 6,000 s.f. warehouse, a 3,000 s.f. shop, and a 1,740 s.f. office. The project will require 2.71 acres of site disturbance and 3,600 cubic yards of cut and 3,600 cubic yards of fill. The project is located approximately 500 feet north of the northwest corner of Wellsona Road and Highway 101, approximately 5 miles north of the City of Paso Robles, in the Salinas River planning area. 2003051088	02-432 VTPM 30975, Development Plan 02-433 and Variance 02-434 Murrieta, City of Murrieta--Riverside A commercial center on 10.99 acres that consists of a supermarket, retail stores, fast food restaurant, and a convenience store with fueling facility for a total of 115,723 square feet of development.	Neg	06/16/2003
2003051089	Oceanside Police Firearms Training Facility Oceanside, City of Oceanside--San Diego Construction and operation of an outdoor shooting range for the City of Oceanside Police Department.	Neg	06/16/2003
2003051090	B.A.P.S. Temple and Cultural Center - 02GPA04; 02ZC03; TPM 15901; 02CUP09; 02SPR07 Chino Hills, City of Chino, Brea--San Bernardino The project is a proposed B.A.P.S. Temple and Cultural Center, a Hindu socio-religious facility. The project proposes approximately 122,978 square feet of building area on a 20.31 acre site. It would consist of seven buildings, with ancillary parking, plazas and landscaping. The proposed Temple would have five spires, three reaching 70 feet in height and two reaching 50 feet in height. The applicant would construct Fairfield Ranch Road as part of the proposed Temple and Cultural center project. The road would serve the project as well as a future business park development that may occur on the adjacent properties.	Neg	06/16/2003
2003052078	Newton Ranch Unit No. 2 Elk Grove, City of Elk Grove--Sacramento Rezone of 22.5 acres from AR-10 to RD-4, 3.7 acres from AR-10 to MP and 4.1 acres from AR-10 to Open Space, Tentative Subdivision Map to create 100 single family lots, and abandonment of existing irrevocable offer of dedication to be abandoned.	Neg	06/16/2003
2003052080	Dutch Slough Development Agreements Oakley, City of Oakley--Contra Costa The Project consists of the approval of three related development agreements ("Development Agreements") covering property consisting of approximately 270 acres of land (APN numbers 037-192-016-07; 032-081-010-04; 032-081-008-08. 037-192-015-08) located in eastern Oakley north of East Cypress Road and south of the Contra Costa Canal. The property is bound by the Contra Costa Water District Canal to the north and east, Cypress Road to the south. The Development Agreements will vest for a period to ten years the goals, policies, and programs of the recently adopted Oakley 2020 General Plan, as they exist upon the effective date of the Development Agreements. Subsequent discretionary entitlements, such as development plans and subdivision map applications, will be subject to further CEQA compliance when such applications are filed. The Development Agreements replace existing development agreements with Contra Costa County dated January 13, 1997, which were binding on the City of Oakley following incorporation and which collectively covered a much larger acreage (approximately 1,500 acres) and with a greater overall impact on the environment. The Development Agreements implement the terms of Section 3 of the Memorandum of Understanding By and Among The City of Oakley And the Emerson, Burroughs,	Neg	06/16/2003

	concrete walls and columns, and post-tensioned concrete decks. The Parking and Public Safety Building will be constructed on the western edge of the campus in the campus service core. The new two-story building will provide space for all parking, transportation, and public safety functions. This includes administration; operations including patrols, investigations, and holding; records; crime prevention; evidence and property; and communications. This facility will also house the campus emergency operations center. The project includes secure parking for public safety employees and state vehicles.		
2000041040	Oak Tree Protection Program Santa Barbara County --Santa Barbara The project consists of the adoption of the Oak Tree Protection and Regeneration Program through amendments to the Conservation and Land Use elements to the Comprehensive Plan. The newly created guidelines, regulations and policies will apply to removal of native oak trees outside of the coastal zone and urban boundary line in the unincorporated portions of the County on land zoned Agriculture I (AG-I), Agriculture II (AG-II),.	NOD	
2000101081	Folex Corporation San Diego County, Department of Planning and Land Use --San Diego Construction and operation of a two-phase 15,300 square feet (both phases combined), two-story office building for operations that include graphic design customer service, accounting management and sales. The facility is located on Lot 5 of San Diego Tract No. 5170RPL, Map No.14270.	NOD	
2001012063	Route 262/Warren Avenue/I-880 Interchange Reconstruction and I-880 Widening Caltrans #4 Fremont, Milpitas--Alameda, Santa Clara To accommodate the road widening, several existing box culverts will need to be extended and a gas line will need to be relocated. These activities will impact Agua Fria Creek, Agua Caliente Creek and Torges Creek. Most of Agua Fria Creek is concrete lined in the area of the project and supports very little aquatic vegetation and no aquatic vertebrates. Torges Creek also contains concrete lining and some sack concrete and supports little aquatic vegetation or aquatic life. A portion of the box culvert under Highway 880 where Agua Fria Creek crosses under the roadway will be replaced (location #17). All work will be performed in isolation of the live channel by constructing coffer dams upstream and downstream of the work area and bypassing stream flows in a culvert or through the use of sheet piles to dry out the work area bypassing flows in the channel around the work area. All material placed or falling into the channel during outfall construction will be removed upon completion of the work. A the east side of Highway 880, culvert extensions will close off a portion of the open channels of Agua Fria Creek, Agua Caliente Creek and Torges Creek (locations #7, #14, and #15). The channels are either concrete lined or sac-crete lined and lie between Highway 880 and the frontage road. Work in these drainages will be done in isolation of the flowing stream.	NOD

2003059050	Kniffling Grading Plan, L 14010, Log No. 99-14-004B San Diego County Department of Planning and Land Use --San Diego The project proposes to grade approximately 1.84 acres of an 8.52-acre property for two building pads with driveways to Makenna Lane and a pad for equestrian purposes. The project also includes road improvements to Makenna Lane and the creation of a cul-de-sac. A Negative Declaration for Kniffling Tentative Parcel Map, TPM 20422, Log No. 99-14-004 was adopted by the Director, Department of Planning and Land Use on June 20, 2000.	NOD	
2003059051	Highlands Vista, L13308, Log No. 93-15-005A San Diego County --San Diego The project is a revision to a major grading permit associated with a residential subdivision of 168 acres into 37 lots for single-family dwelling units. The volume of cut is 90,000 cubic yards of soil with a maximum cut/slope ratio 1.5:1 and a height of 30 feet. The volume of fill is 150,000 cubic yards with a maximum fill slope ratio 2:1 with a height of 30 feet. 60,000 cubic yards of soil will be imported.	NOD	
2003059052	Streambed Alteration Agreement R3-2002-0025 Amendment #2/THP 1-01-437 MEN Fish & Game #3 --Mendocino The applicant proposes four projects; Activity 1 involves installing an 89-foot bridge across Hayworth Creek (Class I watercourse and tributary to the Noyo River) and Activity 2 involves upgrading an existing Humboldt-type crossing in a Class II watercourse (unnamed tributary to Hayworth Creek) to a culvert-type watercourse crossing. Hayworth Creek is tributary to the Noyo River. Activities 3 and 4 involve drafting water from Class I watercourse pools located on Hayworth Creek (WH1) and Gulch 7 (WH2).	NOD	
2003059053	Streambed Alteration Agreement R3-2002-0024 Amendment #1/ THP1-01-426 MEN Fish & Game #3 --Mendocino The applicant proposes five stream encroachments. Activities 1 (crossing A) and 2 (crossing B) involve installing permanent railcar bridges across Montgomery Creek (tributary to the Noyo River); Activities 3 (crossing D) and 4 (crossing E) involve installing rock-armored fords in one Class II watercourse at two locations for an existing seasonal haul. Activity 5 proposes to restore the bed, bank, and channel of a watercourse at a historic logging road crossing.	NOD	
2003059054	Streambed Alteration Agreement R3-2002-0314 Amended/THP 1-00-222 SON Fish & Game #3 --Mendocino The applicant proposes two activities. Activity #1: Replace existing crossing facilities with dipped, rocked ford crossings on Class II and Class III watercourses at map points 3.3, 3.4, 4.2, and 4.3, and Activity #2: Replace existing permanent culverts on Class II watercourses with a 30-foot long, 24-inch culvert at map point 3.5, a 20-foot long 36-inch culvert at map point 4.1, and a 20-foot long 24-inch culvert at map point 2.7 (a crossing below the small pond about 150 feet to the east of the barns on Road 2). Work within the stream channels shall be confined to the period of April 15 to October 15.	NOD

2003059055	High Meadow Ranch Project Fish & Game #5 --San Diego SAA #R5-2002-0413 Alter the stream to install roads (which have previously been graded), an equestrian trail, a sewer system, and a storm drain system as part of the 803-acre High Meadow Ranch Project. This project provides infrastructure to 250 buildable lots, the impacts to which will be addressed individually as they are sold and permitted for grading.	NOD	
2003058228	Asbestos Contingency Plan, Sacramento Rail Yard Site Remediation Project Toxic Substances Control, Department of Sacramento--Sacramento Consideration of approval by the Department of Toxic Substances Control of an Asbestos Contingency Plan submitted by the Union Pacific Railroad Company (UPRR). Although remedial investigations performed at the Rail Yard did not identify the presence of asbestos-containing material in soils outside areas of the site identified as Area 83 and the Northern Shops Soil Stockpiles, UPRR acknowledges the possibility of its occurrence elsewhere onsite. The Plan establishes procedures that will be followed during excavation activities in the event asbestos-containing material is encountered.	NOE	
2003058229	Roaring River Distribution System Maintenance Water Resources, Department of Suisun City--Solano Repair 20 sites of erosion and rodent damage on the levee and levee road along Roaring River. Repair will require placement of about 600 cubic yards of clean rock fill and rip-rap. Fill materials will be brought to each site with a dump truck and a back hoe will be used to fill and compact the eroded areas.	NOE	
2003058230	CSU, Channel Islands Science Annex California State University Trustees --Ventura The Science Annex will be an adaptive reuse of the existing "Laundry" building located west of the academic core on the CSUCI campus. This project is a building component that was approved as part of the original Campus Master Plan approved in 1998. The 1998 Campus master Plan FEIR indicated that the adaptive reuse of the Laundry Building as academic space would constitute a beneficial impact to historic resources by preserving key components of the structure that was used as part of the Camarillo State Hospital. The "Laundry" building is one-story, 60-70 years old and constructed of poured-in-place concrete with both flat and pitched roofs. The proposed reuse will include five science laboratories, three classrooms, and necessary support space to operate as an annex to the new Science Building. The approximate building area is 22,000 gsf. The design will acknowledge and enhance the historical character of both the interior and exterior of the existing building. The project design will be fully ADA-compliant and will also comply with the CSU Trustees' Seismic Policy for renovation of existing buildings. Primary beneficiaries of the project will be the students and faculty at the CSU, Channel Islands.	NOE

2002031142	<p>CUP Dry Dock Depot RV and Boat Storage Expansion Project Upland, City of Upland--San Bernardino</p> <p>Expansion of an existing Recreational Vehicle and Boat Storage facility on an additional 10.5 acres of the 34.41-acre closed Upland Landfill. Expansion would enlarge the facility to a total of 22.26 acres of storage area. The new area would allow an additional 889 vehicles for a total of 1,720 vehicles to be stored at the facility.</p>	FIN	
2001111042	<p>Santa Ana Canyon Metrolink Station and Facility Parking Yorba Linda, City of Yorba Linda--Orange</p> <p>Based in part on comments received on the NOP and project design considerations, the following modifications to the project description are proposed.</p> <ol style="list-style-type: none"> 1. The station platforms will be moved toward the east, and lengthened to between 440 and 475 feet, which will accommodate five-car trains. 2. On-street parking along Esperanza Avenue east of the Edison power lines will be deleted. 3. On-street parking along the south side of Esperanza Avenue between the Yorba Linda Boulevard overpass and New River Road will be moved to off-street parking, at the same locale, adjacent to the Burlington Northern Santa Fe (BNSF) rail right-of-way, and the number of spaces will be increased. 4. Esperanza Road will be restriped as a two-lane roadway between Yorba Linda Boulevard and New River Road. 5. The number of parking spaces along La Palma Road will be increased. 	NOP	06/20/2003
2003031045	<p>Creekside Ranch Specific Plan Norco, City of Norco--Riverside</p> <p>The project proposes development of a 372-unit residential community that focuses on large lots and animal keeping. The project will provide for a mix of large lot single-family residential with a minimum lot size of 20,000 square feet. The project includes the preparation of a Specific Plan for review and approval by the City of Norco.</p>	NOP	06/18/2003
2003041051	<p>EIR03-01/General Plan Amendment (GPA03-04)/Zone Change (ZC03-03)/Zone Amendment (ZA03-05) and Miscellaneous (M03-17) Glendora, City of Glendora--Los Angeles</p> <p>The City of Glendora is amending its General Plan (GPA03-04), creating a specific plan zone (ZC03-03), adopting a specific plan (ZA03-05) and design guidelines (M03-17) to facilitate the adoption of new land use regulations within the project area. The General Plan Amendment will amend the City's Land Use Element to recognize the creation of a specific plan and designate goals and objectives for the Route 66 Specific Plan. The City's Circulation Element will also be amended to recognize a level of service "D" as an acceptable level of service. The Specific Plan anticipates the creation of six distinct land use districts within the project area</p>	NOP	06/18/2003

	to facilitate office, industrial, manufacturing, retail and residential uses. Uses may be co-mingled in a "mixed use" arrangement. New development standards will be created to allow greater building intensities and floor area ratios (such as allowing an increase in building height from two stories up to four stories), creation of pedestrian oriented streetscapes, which include attractive architecture, street furniture, public and private landscape and hardscape improvements, and public signage. The maximum build-out scenario indicates the following uses could be supported during a 15-20 year plan horizon.		
2003051102	Vesting Tentative Map No. 53430 Diamond Bar, City of --Humboldt The proposed project involves the development of 49 single-family custom residential lots on approximately 80 acres of hillside area in the City of Diamond Bar. The project site also includes seven acres of prpoerty located within unincorporated County of Los Angeles that will be used for grading.	NOP	06/18/2003
2003052092	March Lane Extension Project Stockton, City of Stockton--San Joaquin The City, in conjunction with San Joaquin County (County) and the San Joaquin Council of Governments (SJCDG), is the project proponent. Pending detailed traffic review, the roadway would be eight lanes (four lanes in each direction) with a raised, landscaped median and Class II bike lanes.	NOP	06/18/2003
2003051100	Queshan Recreation Park Blythe, City of Blythe--Riverside Queshan Recreation Park, located on the west bank of the Colorado River, in the City of Blythe, is owned by the County of Riverside. A lagoon of 3.62 acres in size of the east end of the Park is protected from the main flow of the Colorado River by a county-owned training structure, and has become significantly overgrown and filled with sediment from local runoff and the Colorado River. Excavation and dredging of the existing lagoon and/or portions of the river channel are necessary to make the lagoon navigable; dredged material will be spread on a County-owned parcel of land located immediately north of Queshan Park. Dredging is estimated to require 45 calendar days. In order to properly circulate water through the lagoon, flow-through culverts must be installed on the north end of the training structure. It is possible that these culverts are in place, and will need only excavation; however, until the dredging of this area of the lagoon is complete, their existence cannot be confirmed. Should the culverts not exist, the City proposes to install two 36-inch culverts at the north end of the training structure to aid in continuous flow through the lagoon, thereby reducing the need for future dredging. In addition to the dredging and excavation of the lagoon, the City also proposes improvements to the Park, including improvements to the boat ramp and dock, beach areas, and picnic areas; 1. Installation of boat docks on the west side of the lagoon, in two phases, which shall not commence until July 2004. 2. Installation of a boat launch ramp on the southwest side of the lagoon, which shall not commence until July 2004. 3. Clearing and creation of a sand beach at the north end of lagoon, and creation of a defined wading area immediately south of the beach in the lagoon. 4. Future addition of swimming platforms, commercial concessions (restaurant, retail), maintenance facilities and parking for automobiles and boat trailers.	Neg	06/18/2003

2003051101	Transfer of Territory from the Palmdale School District (SD) to the Westside Union Los Angeles Office of Education Palmdale--Los Angeles Political boundry change between the Palmdale SD and Westside Union SD of uninhabited, developed territory.	Neg	06/18/2003
2003052087	Marc and Janice Mondavi (Rocky Ridge Vineyard) Timberland Conversion Forestry and Fire Protection, Department of --Napa This project consists of the issuance of a Timberland Conversion Permit exempting 8 acres of timberland from forest Practice Act tree stocking (tree planting) requirements. The permittee is subject to the constraints contained in the application and plan, the conversion permit, the timber harvesting plan and supporting documentation. Prior to commencement of timber operations, the permittee shall comply with all applicable County, State and Federal codes, ordinances or other regulations and shall obtain all necessary approvals. The area will remain Agriculture-Watershed following the removal of forest vegetation for development of a vineyard.	Neg	06/18/2003
2003052088	Hyundai of Roseville Roseville, City of Roseville--Placer Design Review Permit to construct a 21,891 square foot automobile dealership with associated lighting, customer parking, inventory parking for 213 vehicles, and landscaping.	Neg	06/18/2003
2003052089	Yolo Basin Toe Drain Experimental Fish Passage Facility Water Resources, Department of West Sacramento--Yolo The project is to construct and evaluate a resistance board weir with a fish passage chute in the Toe Drain. An underwater camera will be placed in the chute to observe fish passing through the weir. An access ramp will be constructed on the east side levee of the Toe Drain with two boat ramps to access both the up and downstream sides of the wier, to monitor and maintain the facility.	Neg	06/18/2003
2003052090	Water System Transmission Improvement Project Santa Cruz, City of Santa Cruz--Santa Cruz The proposed project would install a new 24" water transmission main between Ocean Street and the Bay Street Reservoir, approximately 11,200 feet in length, located mostly within City streets. The proposed pipeline would have a capacity of approximately 4,000 gallons per minute, which could be increaed in the future with the installation of a pump station. The proposed project is intended to increase the daily replenishment rate at the Bay Street Reservoir by removing hydraulic constraints that currently exist between the Graham Hill Water Treatment Plan and this facility, thereby allowing for more efficient operation of the treatment plant. It would not increase the treating capacity of the plant, nor result in an increase in the net amount of water being treated from City sources.	Neg

2003058294	Re-drill Well No. 35 West San Bernardino County Water District --San Bernardino Re-drill domestic Well No. 35, to be named Well No. 8A, 50 feet South of Well No 35's present location. Drilling will include boring 20" diameter hole, approximately 100 feet deep and install a 20" well casing.	NOE	
2003058299	IT Corporation-Vine Hill Complex, Post Closure Permit Toxic Substances Control, Department of --Contra Costa DTSC certified closure of the IT Vine Hill Complex (VHC) with wastes remaining in place in June 1999. Under those conditions, state and federal regulations require that a postclosure plan for a 30-year period be developed and implemented by the facility. The Post Closure Permit outlines the procedures to fulfill these regulatory requirements which consist of three primary functions: a. maintenance of closure structures, b. environmental monitoring; and c. maintenance of financial mechanisms to fund the postclosure activities.	NOE	
2003058300	Remediation of Red Rock Canyon State Park Disposal Sites California Integrated Waste Management Board --Kern Prior to becoming part of the California State Park system in 1968, several areas of the park had been used for mining operations and off road vehicle traffic. Several vehicles have either broken down or have become stuck and have been abandoned. Equipment remaining for the minimum operations and other debris from activity prior to the area becoming a State Park are now detracting from the natural beauty of the Park and, in many cases, pose health and safety concerns. The proposed site remediation includes removal and disposal of abandoned vehicles and much of the debris from previous users of the area. Disposal will be at approved facilities. Areas disturbed by the removal will be restored by grading to conform with original site contours.	NOE	
2003058301	Remediation of Lassen Volcanic National Park Disposal Sites California Integrated Waste Management Board --Plumas, Shasta, Tehama, Lassen The proposed site remediation includes removal and disposal of disposed wastes. Where appropriate, some of the soils and rocks will be buried in previously excavated areas. Remaining materials will be placed in bins for pickup and disposal at appropriate facilities. Once the sites have been cleaned up, restoration of the site will be completed.	NOE	
2003058302	Transfer of Coverage to El Dorado County APN 15-061-25 (Bills) Tahoe Conservancy --El Dorado Project consists of the sale and transfer of 112 square feet of potential coverage rights from Conservancy-owned land to a receiving parcel on which a private residence will be constructed. The transfer enables the receiving landowner to carry out the project without any net increase in the amount of existing land coverage in the hydrologically-related area.	NOE

2001061018	Supplemental Environmental Impact Report - Pacifica San Juan San Juan Capistrano, City of San Juan Capistrano--Orange The proposed project requests a change to the Pacific Point Planning Area of the Forster Canyon Planned Community (rezone) and Vesting Tentative Tract Map 15609. Specifically the project applicant is requesting a zone change to allow additional units on the Pacific Point site and changes to the previously approved grading plan. The Forster Canyon project was originally approved by the San Juan Capistrano City Council in 1992. The proposed project seeks approval of an additional 164 units for a total of 514 units within the Pacific Point Planning Area. The increase is due in part to a redesignation of a Research and Development parcel to residential units, which will account for an increase of 66 units. The remainder of the units are reflected in an increased number of lots throughout the Pacific Point Planning Area and on Vesting Tentative Tract Map 15609.	EIR	07/19/2003
1997072039	University Village and Albany/Northwest Berkeley Properties Master Plan Amendments University of California, Regents of the Albany--Alameda Complete the redevelopment of University Village as envisioned in the 1998 Master Plan and EIR, with some changes. 2002051045	The Chula Vista Multiple Species Conservation Program (MSCP) Subarea Plan Chula Vista, City of Chula Vista--San Diego The Chula Vista Multiple Species Conservation Program (MSCP) Subarea Plan has been prepared as an implementing plan of the MSCP Subregional Plan and will form the basis for federal and state incidental take permits for 86 plant and animal species within the City's jurisdiction. The Subarea Plan will provide specific assurances that much of the remaining natural habitat within the City is preserved and managed to provide for the survival of sensitive plant and wildlife species. The MSCP Subregional Plan, adopted in 1997, set the framework for the assembly and management of a habitat preserve for biological resources within the southwestern portion of San Diego County. A Final EIR/EIS was prepared for the MSCP Subregional Plan and associated Subarea Plans, including a Draft Subarea Plan for the City of Chula Vista. Since certification of the Final EIR/EIS, the City of Chula Vista's Subarea Plan has been revised. The purpose of the Supplemental EIR and EA is to analyze the changes in the Subarea Plan in light of the analysis presented in the Final EIR/EIS, and to further analyze local discretionary actions that are required to implement the Subarea Plan.	NOD

2003051109	Assembly Bill No. 2292 Implementation GPA 03-06/ZCA 03-05/LCPA 03-05 Carlsbad, City of Carlsbad--San Diego Assembly Bill (AB) No. 2292 (effective January 1, 2003) added Section 65863 to the Government Code, which, in an effort to ensure each jurisdiction can accommodate their share of the regional housing need, sets forth restrictions on a jurisdiction's ability to reduce residential densities. The new law states that no city or county shall "by administrative, quasi-judicial, or legislative action, reduce, require or permit the reduction of the residential density for any parcel to a lower residential density that is below the density that was utilized by the Department of Housing and Community Development in determining compliance with housing element law..." The law does allow a jurisdiction to reduce residential density on a parcel if certain findings are made, or if density is increased on an alternative site, so that there is no net loss of residential unit capacity. To ensure the City's policies and codes are in compliance with State Law, the City is proposing an amendment to the General Plan and Zoning Ordinance to incorporate the new restrictions imposed by AB 2292. Incorporation of the State Law restrictions into the General Plan and Zoning Ordinance provides additional direction and clarification on how the existing General Plan policies regarding residential density are to be implemented.	Neg	06/20/2003
2003051110	Rainbow Rezone and Assisted Living Facility San Diego County Department of Planning and Land Use --San Diego The project proposes Zone Reclassification from the existing zone of C36, General Commercial Use Regulation to a C34, General Commercial / Residential Use Regulation. The Rezone will change the zoning for a 2.48-acre project site, which is comprised of ten parcels, located in downtown Borrego Springs. The C34 Use Regulations are intended to create and enhance areas where a mixture of commercial uses and residential uses is desired. All development in the C34 Use	Neg	06/20/2003

2003041097	Water Purchase Agreement with Kern County Water Agency for the 2003 Environmental Water Account Water Resources, Department of Bakersfield--Kern The California Department of Water Resources will purchase water supplied by the Kern County Water Agency (KCWA) in 2003. The amount of water purchased will be up to 182,240 acre-feet. The water for purchase is stored in groundwater banks managed by the Kern Water Bank Authority. Sources of the stored water include previous SWP deliveries and Kern River water banked in the ground during floods or periods of excess local supply.	NOD	
2003042003	Eliason, Loreen Humboldt County --Humboldt A Special Permit for a motorcycle event to be known as the "101 Run." The event is proposed to be held on Saturday, June 7th, 2003, between the hours of 10 a.m. and 12 a.m. at the Dean Creek Resort (Resort). The organizers of the event expect between 800 and 1,000 participants. Participants will be required to be over the age of 18 and must arrive on motorcycles in order to be admitted into the event (except those with camping reservations). The 13.5-acre parcel has +/- 50 RV sites with hook-ups and a large tent camping area. Additional portable toilets with hand-washing facilities will be brought to the site and maintained by the contractor for the event. Alcohol, food and music will be provided and all proceeds for these venues will benefit several Southern Humboldt organizations. Security, traffic control and emergency response teams will be provided for by local groups. The event is being advertised in such a way that +/- 90% of the participants will be staying at other campgrounds or motels and entering the Resort on their motorcycles, thus allowing a larger number of people and more flexibility in terms of parking. The Resort is licensed as an RV Park and Campground through the State of California.	NOD	
2003042005	Kent Townsend Humboldt County Eureka--Humboldt A Special Permit for the removal of trees in a residential zone under a CA Dept. of Forestry (CDF) 150 Foot Fire Hazard Tree Removal Exemption. The parcel is 2.2 acres in size with no known creeks or other wet areas. The project entails the removal of approximately 30 redwoods between 18-20 dbh and 60-80 feet in height. The removal will include areas around the existing PG&E power lines as well. The parcel is not in the Coastal Zone.	NOD	
2003042104	Water Purchase Agreement with Santa Clara Valley Water District for the 2003 Environmental Water Account Water Resources, Department of Bakersfield, San Jose--Santa Clara, Kern The California Department of Water Resources will acquire up to 30,000 acre-feet of stored groundwater stored and potentially acquire a 1-year lease of up to 10,000 acre-feet of groundwater storage capacity, from Santa Clara Water District (SCVWD). This project will make use of existing agreements between SCVWD and Semitropic Water Storage District for groundwater banking in the Semitropic Groundwater Banking Program (Semitropic). The Department will recover water stored in Semitropic through pumping and direct delivery into the California Aqueduct or through exchange of SWP deliveries to the Kern County Water Agency (KCWA). Semitropic's withdrawal capacity ranges from 31,500 acre-feet to	NOD

2003052106	State Route 16 Improvements Adjacent to Cache Creek Casino Caltrans #3 --Yolo Caltrans in cooperation with the Rumsey Rancheria propose improvements to State Route 16 along the Cache Creek Casino frontage in Yolo County, CA. This project would modify the four existing casino driveways, create a signalized main entrance, and widen State Route (SR) 16 to allow for eastbound and westbound turn lanes into the casino. Construction will be fully funded by the Rancheria.	Neg	06/23/2003
2003052107	David and Janet Snazuk-Minor Subdivision Del Norte County --Del Norte Minor Subdivision of a 2.59 acre parcel into 2 parcels approximately 1.25 acres and 1.34 acre in size. The parcel is located on the ocean and bluff, hazard conditions are part of project approval. The parcel is served by community waste and on-site sewage disposal. Access to both proposed parcels is from a County Road located off Hwy 101.	Neg	06/23/2003
2003052108	BAY Special Permit (SP-02-61) for a <3 Acre Conversion and Tree Removal Within a Streamside Management Area per Humboldt County SMA/Grading Ordinance Humboldt County Planning Department Ferndale--Humboldt A Special Permit after-the-fact for the removal of five spruce trees within a Streamside Management Area (SMA). County regulations require a Special Permit for the cutting and removal of trees within the 100-foot SMA setback of a creek or other wet area. The applicant has applied for a <3-Acre Conversion through CDF to create a residential building site. Approximately 50 trees will be removed under this conversion exemption. The parcel is 16 acres and served by on-site water and sewage disposal. The parcel is not in the Coastal Zone.	Neg	06/23/2003
2003052109	Serna Village Apartments Use Permit Sacramento County --Sacramento A Use Permit to allow the development of a 84-unit apartment complex on 6.73 acres in the McClellan Park SPA, pursuant to Section 511-14(a)(1), Table 2 of the SPA.	Neg	06/23/2003
2003052110	Barrett Ranch Community Plan Amendment, Rezone Subdivision Map Sacramento County --Sacramento 1. A Community Plan Amendment for 127 acres from BP, RD-7, RD-10, RD-20, Park, Elementary School and Community Park to RD-5, RD-7, RD-10, BP, and RD-5 School site. 2. A Rezone for same 127 acres from UR to RD-5 School Site. 3. A Tentative Subdivision Map to divide same 127 acres into 7 parcels and one remainder parcel. 4. A Vesting Tentative Subdivision Map to divide same 127 acres into 304 single-family lots, one business professional office lot, one school site, one remainder lot, and seven landscape corridor lots. An Abandonment of a portion of existing Antelope Road.	Neg	06/23/2003

2003052111	Valley Health Center at Gilroy Santa Clara County Gilroy--Santa Clara Approximately 50,000 sq.ft. Health Center that provides primary care medical services, employs approximately 120 people.	Neg	06/23/2003
2003052112	U.P. #03-05 Community Baptist Church Tehama County Red Bluff--Tehama To establish and enlarge an existing 11,000 sq.ft. church facility and community meeting room, adding approximately 17,000 sq.ft. to create a classroom addition, worship center, mission village and 7,500 sq.ft. parking area in an RE-B:10; Residential Estates-Special Building Site (10,000 sq.ft. 1/4 acre) Combining District. The project site is located in the Antelope Area of Red Bluff, on the west side of Mulberry Avenue, north and south of the Round-Up Avenue intersection.	Neg	06/23/2003
2003052113	State Route 128 Bridge Replacement Projects Within Sonoma County, California Caltrans Calistoga--Sonoma The California Department of Transportation (Caltrans) proposes to replace Maacama Creek Bridge (No. 20-41) and Redwood Creek Bridge (No. 20-43) to accommodate standard 2.4-m (8.0 ft) shoulders and a driveway southwest of Maacama Creek Bridge on State Route 128 (SR128) in Sonoma County. Maacama Creek Bridge has been designated as scour critical. The term scour critical is used to identify a bridge that its foundation is currently stable but has the potential to be ended at its foundation to a point that it may become unstable during a large storm event and/or a long term scour condition.	Neg	06/23/2003
2003052114	Dutcher Creek Summer Dam Fish & Game #3 Cloverdale--Sonoma Placement of wooden boards on an existing concrete foundation in Dutcher Creek, creating an approximately 100-yard long summer impoundment. Flashboards will not be raised prior to June 15 and will be removed by September 30, unless surface flow has not resumed to the impoundment.	Neg	06/23/2003
2003052115	Bidwell Creek Water Diversion Fish & Game #3 --Sonoma The project will construct a subsurface collector of 20 feet of 12-inch diameter perforated plastic well casing buried under the streambed. Water will be diverted to an existing 6.4 acre-foot off-stream storage reservoir for irrigation of a 22-acre existing vineyard.	Neg	06/23/2003
2003052116	Forster Gillin Lot Line Adjustment (Jacoby Creek Area) Humboldt County Planning Department Arcata--Humboldt A Lot Line Adjustment between four legal parcels as determined by Certificate of Compliance (2002-20963-3), to result in four parcels with a total acreage of 27.2+/- acres. The southern most parcel is developed with the single family residence, and on-site sewage disposal system, and water source from Jacoby Creek. The other three parcels are vacant, however the California Department of Fish and Game has issued a Notice of Exemption for construction of a seep well located along the bank of an unnamed tributary to Jacoby Creek for the proposed on-site water source for the parcels, at the N.W. corner of the project. The parcels	Neg	06/23/2003

1987011910	McCanna Ranch Water Company, System No. 3310082 Perris, City of Perris--Riverside Construct and operate an elementary school to accommodate 650 students in grades K through 5 on an approximately 10-acre site. The proposed project will include 24 standard classrooms, 3 kindergarten classrooms, administrative offices and a library/media center, a multi-use facility and kitchen, and an outdoor eating area. The seven buildings will vary in size from approximately 4,400 to 8,800 square feet. Recreational facilities will include two play systems with safety surface, a baseball field, a softball field, a soccer (turf play) field, and ball-wall courts. On-site parking will be provided for 108 vehicles. Separate auto drop-off areas will be provided for the elementary and kindergarten students, and a bus drop-off will be located on the east side of Avalon Parkway (Main Street).	NOD	
1996031032	4S Ranch, Bernardo Point #4, SPA 99-003, TM 5180, S89-067W, Log No. 89-08-062 San Diego County --San Diego The project is a Time Extension for the subdivision of 2.9 acres into 9 lots for single-family residential development. This project is within the 4S Ranch Specific Plan. The project will receive water service from the Oliverhain Municipal Water District and sewer service from the 4S Ranch sanitation District.	NOD	
1999082041	Rezone to Planned Development for Medical Offices - Dr. James Yip Modesto, City of Modesto--Stanislaus This is a vesting tentative subdivision map to divide a 1.82 acre parcel into eight condominium office spaces and common area.	NOD	
2000061035	Tomin Tentative Parcel Map San Diego County --San Diego The project is a subdivision of a 10-acre parcel into 3 parcels. Parcel 1 would be 2.8 acres, parcel 2 at 2.5 acres and the remaining 4.7 acres for parcel 3. A 20-foot wide driveway existing on the site is proposed to be widened to a 30-foot wide easement with 24-foot wide graded width for access to the proposed parcels. Access to the project site will be off of Via De Las Flores. The lots will receive water service from the Olivenhain Municipal Water District.	NOD

2002062085	Hurst Zone Reclassification, Conditional Use Permit, Special Permit Humboldt County Planning Department --Humboldt A special permit, conditional use permit and zone reclassification to allow construction of a three-story, forty three foot high, craftsman style residence and bed and breakfast inn. The first two floors (10,000 square feet) of the proposed inn will be rented on a nightly or weekly basis, while the third floor (2,000 square feet) will serve as the caretaker's residence. The inn will operate all year round. Meals will be prepared on site for the guests.	NOD	
2003021026	Doshi Open Space Encroachment, AD 03-030, Log No. 02-14-023A San Diego County Department of Planning and Land Use --San Diego The project proposes a minor subdivision of 23.8 net acres into four parcels, measuring approximately 4.9 net acres, with a 4-acre minimum lot size for four residential building sites. Furthermore, the subdivision will also include one remainder parcel measuring 4.2 net acres as primarily biological open space. There is one existing single-family residence on the property, which will remain on Parcel 1. The three other lots will be developed with single-family homes as accessed through existing driveways. The project does not propose any grading. All lots will be on septic and use groundwater services. Access to the project site is from an existing 60 foot private road easement from Rainbird Road and existing 40 foot private road easement from Mesa Estates Road. The project is located immediately north of Mesa Estates Road and south of Rancho Barona Road in the Ramona Community Planning Area within an unincorporated portion of San Diego County. The entire project will be served by the Ramona Unified School District and San Diego Rural Fire Protection District.	NOD	
2003042032	The 2003 Fishery Restoration Grants Program Fish & Game #3 Ventura--Del Norte, Humboldt, Marin, Mendocino, Monterey, Napa, ... The proposed project will use funds approved by the California Legislature to initiate activities designed to restore coastal streams and watersheds that historically produced large populations of salmon and steelhead. 2003058359	San Rafael Airport Levee Maintenance Regional Water Quality Control Board, Region 2 (San Francisco Bay), Oakland San Rafael--Marin Raising approximately 2,500 linear feet of existing levee by two to three feet using sediments dredged from the adjacent south fork of Gallinas Creek.	NOE	
2003058360	Reed Creek Sackcrete Wall Fish & Game #3 Mill Valley--Marin The project will remove a willow wall that is failing and place approximately 30 linear feet (20 cubic yards) of sackcrete bags over erosion control fabric along Reed Creek stream bank. Creek water has eroded the bank over time and a previous biotechnical attempt to stabilize the bank using a willow wall was unsuccessful. Willows will be replanted upstream in appropriate sunny locations with moist soil conditions. The sackcrete wall will be approximately five (5) feet high and two (2) to three (3) feet deep. Rebar will be driven in at five (5) foot intervals. This repair is needed to stabilize the bank of the creek and prevent road failure. No harmful material will be introduced into the creek. A vacator hose will be used to pump out the water used to cure the concrete bags. This water will be disposed of at the City Yard wash rack that is pumped out monthly by a contractor. The work area will be isolated using sand bags and silt fences. Small numbers of steelhead trout migrate upstream to spawn. This area is in within the migration corridor for steelhead, however the work will take place in the summer when the creek is dry. Issuance of a Streambed Alteration Agreement Number 1600-2003-0177-3 pursuant to fish and Game Code Section 1601.	NOE	
2003058361	Culvert Replacements Fish & Game #3 --Santa Clara The project includes replacement of several culverts between Whiskey Hill Lane and East Day Road.	NOE	
2003058362	Jamison Bridge Fish & Game #3 San Jose--Santa Clara Construction of a 16-foot wide steel bridge over Quimby Creek.	NOE	
2003058363	Zig Zag II and Prairie Creek Trail Bridge Replacements Parks and Recreation, Department of --Humboldt Replace three deteriorating footbridges along the Prairie Creek and Zig Zag Trails in Prairie Creek Redwoods State Park to protect public safety and park resources, and support continued use. Best Management Practices will be in place during all work, to prevent potential sediment or pollution, as specified in the project scope. Work will not occur during heavy rain or if soils are saturated.	NOE	
2003058364	Pony Gate Tail Reroute Parks and Recreation, Department of --Sonoma Reroute a degraded section of the Pony Gate Trail at Sugarloaf Ridge State Park. Project includes the rehabilitation of 938 feet of decommissioned trail to prevent resource damage and promote re-growth, minimize erosion, and prevent unsafe conditions for users; and the construction of 500 feet of new trail to decrease trail slope and improve drainage. This project will provide a safe trail; improve alignment and drainage; and protect resources.	NOE

	based equipment (long reach excavator). Excavated material will be transported to an upland site. No wetland vegetation would be impacted. The project will not enlarge existing area or change the current use of the structures.		
2003058394	Southern California Gas Routine Maintenance Activities Fish & Game #7 --Los Angeles, Imperial, Riverside, San Bernardino Routine maintenance of river channel - sediment removal, reestablish low flow channel and levee top repair.	NOE	
2003058395	Well No. 5, Meadowbrook Water Company, System No. 2410008 Health Services, Department of Merced--Merced The purpose of the replacement well project is to improve the quality of water served to existing and future customers. The well will be constructed in conformance with the Merced County well ordinance and the California Well Standards (Bulletin 74-81 and supplement Bulletin 74-90), whichever is more stringent. These goals will be accomplished by constructing a replacement Well No. 5 for existing Well No. 03, which has experienced increasing nitrate and total dissolved solids concentrations.	NOE	
2003058396	White Rock Road Transmission Main Phase 1 El Dorado Irrigation District --El Dorado This is to advise that on May 19, 2003, the El Dorado Irrigation District, Board of Directors has approved the installation of approximately 830 linear feet of 24-inch water main and approximately 270 linear feet 18-inch water main within the county right-of-way. The pipeline project is to be done concurrently with a road-widening project under El Dorado County jurisdiction. The project is also a part of a larger project that includes phase 2, for a water main from Valley View Parkway to Silva Valley Road, north of Highway 50. Phase 2 was previously addressed in the El Dorado Hills Specific Plan EIR prepared by El Dorado County.	NOE	
2003058397	Issuance of Streambed Alteration Agreement #03-0170, Dibble Creek, Tributary to the Sacramento River, Tehama County Fish & Game #1 Red Bluff--Tehama The project proposes to stabilize approximately 350 feet of an eroding bank with the use of rip rap and willow cuttings as well as removing accumulated gravel overburden from the center of the watercourse.	NOE	
2003058398	Issuance of Streambed Alteration Agreement #03-0179, Olney Creek, Tributary to the Sacramento River, Shasta County Fish & Game #1 Redding--Shasta The project proposes to excavate and directional bore for the placement of two six-inch diameter electrical conduits beneath the stream channel.	NOE	
2003058399	Issuance of Streambed Alteration Agreement #02-0176, Brannin Creek, Tributary to Hall Creek, Tehama County Fish & Game #1 Red Bluff--Tehama The project proposes to replace a temporary bridge with a permanent structure. The new structure will be in the same location as the one being replaced and will have the same purpose and capacity.	NOE

2000012051	Algodon Road: Construct Interchange on State Route 70 Yuba County Olivehurst--Yuba Yuba County proposes to construct a new interchange on State Route 70 to replace the existing at-grade intersection of State Route 70 and Plumas-Arboga Road.	EIR	07/11/2003
2001072036	Tiburon Glen Residential Development Project Tiburon, City of Tiburon--Marin Revised Draft EIR prepared for project to address revisions to Precise Development Plan applications for the development of eight single-family lots for subsequent development, including construction of roadways, landslide repair, and utility install.	EIR	07/11/2003
2002071138	West Valley Specific Plan Amendments, Big League Dreams Sports Facility, Hotel and Restaurant Project Colton, City of Colton--San Bernardino The Specific Plan amendments expand the types of uses that can occur within the existing land use districts, typically with lower intensity land uses that already authorized for the districts. The Big League Dreams Sports Facility is proposed for construction and operation at two locations. The Hotel/Restaurant facilities are proposed for a single location near the Arrowhead Medical Center. Three baseball fields & support facilities, including an arena, would be constructed at the Sports Facility and an approximate 10,000 square foot restaurant and 150-room hotel/motel would be constructed if this project is approved.	EIR	07/11/2003
2002122017	Conono Phillips Petroleum, Inc. Refinery (Rodeo) Ultra Low Sulfur Diesel Fuel Project Contra Costa County --Contra Costa If approved, the proposed project would include the following changes and modifications, which would occur on a total of approximately 25 acres at several locations within the developed 495-acre portion of the Refinery: * Construction of a new ULSD hydrotreater. * Modification of the existing sulfur recovery plant to accommodate the increase in plant capacity. * Construction of new sour water and modification of amine strippers to increase its capacity. * Conversion of the existing diesel hydrotreater to a naphtha hydrotreater. * Replacement of existing atmospheric crude distillation tower and of existing vacuum distillation tower, and modifications to delayed cooking unit. This would allow an increase of crude processing capacity by an additional 10,000 bpd. * Construction of caustic treatment units at butane distillation unit and fuel gas center.	EIR	07/11/2003

	* Additions and modifications to ancillary facilities, such as pumps, heat exchangers, instrumentation, utilities and piping, including a new 12kV/4kV and 12kV/480V-power house.		
2001032084	Proposed Pierce's Disease Food and Agriculture, Department of -- The proposed Pierce's Disease Control Program (PDCP) would be continuation of the comprehensive, statewide emergency regulations and control program currently being conducted in California. The California Department of Food and Agriculture (CDFA) is the agency responsible for coordinating the statewide comprehensive control program, and is the Lead Agency for this EIR. The county agricultural commissioner, or other agency designated by the Board of Supervisors of each county, would have the lead responsibility for local implementation of the program, with oversight by CDFA. Although the PDCP applies to the entire state; not all counties are currently identified as potentially threatened. The attached figure identifies areas within California that are generally infested with the glassy-winged sharpshooter, have limited infestations, or are counties at risk. Most of southern California is generally infested, with the exception of Imperial County, which only has a small area of infestation.	FIN	
1996032086	Applied Materials Scott Campus Project Santa Clara, City of Santa Clara--Santa Clara Amend architectural approval of Master Campus Plan for a 918,000 square foot industrial campus, to allow an adjustment to the mix of permitted uses to include up to 837,000 square feet of non-technical/ office space on the campus, and a development agreement to vest development rights.	NOP	06/26/2003
2003051145	Fort Ord Dunes General Plan Parks and Recreation, Department of Seaside--Monterey Fort Ord Dunes General Plan Development.	NOP	06/26/2003
2003051143	Santa Maria Animal Shelter 03-ND-08 Santa Barbara County --Santa Barbara This project consists of a 17,577 square foot one-story animal shelter with a 2,589 square feet interior court for a total area of 20,166 square feet on approximately 5 acres of land. Based on the design, the animal shelter will include areas for up to: 70 visitors, 12 shelter staff and 5-20 volunteers, 114 cats and 79 dogs, and an area for other small, domesticated animals. A veterinary clinic and surgical suite will include a reception area for the public and infirmary or quarantine area. The public area will include an interior yard for 12 people to interact with dogs, a visitation lounge for cats, a classroom for 42 people, a break room for 6 people, and public restrooms. The administrative area includes the Director's office, volunteer office, and offices for clerical, shelter and field staff. There are also areas for stray animal drop-off, animal intake and registration, food preparation, animal groom, laundry, euthanasia, and dead animal storage.	Neg	06/26/2003

2003051144	Weymouth Solids Handling Facilities Project Metropolitan Water District of Southern California La Verne--Los Angeles The purpose of the proposed Project is to: 1) increase the capacity of the existing solids handling facilities; 2) Replace the existing, temporary belt presses and the polymer dosing system with a permanent solids dewater facility; and 3) provide power for the new solids handling facilities and to the existing wastewater return prompt to Filter Building No. 2 at the F.E. Weymouth Filtration Plant (Weymouth plant). Primary project components include the removal of the existing temporary belt presses and the construction of a concrete building that would house two belt presses, a truck turnaround area, an electrical subdivision, and two additional thickeners adjacent to the existing thickeners. All work would be performed within the existing Weymouth plant property.	Neg	06/26/2003
2003052124	Richmond Field Station Remediation Project University of California, Berkeley Richmond--Contra Costa Remediate known contaminated soil and sediments at the RFS and Western Stage Marsh over five project phases from 2002 to 2006. Replace wastewater research ponds formerly located in the area of remediation. Restore areas affected by remediation.	Neg	06/26/2003
2000079029	High Desert Power Project Energy Commission Victorville--San Bernardino The project is either a 678 megawatt (MW) or a 720 MW natural gas-fired, combined cycle power plant. Associated facilities include a new 230 kilovolt (kV) transmission intertie to the existing Victor Substation approximately 7.2 miles away; natural gas fuel supply pipelines and potable and raw water supply facilities. The project will result in impacts to desert tortoise and Mohave ground squirrel, which are protected under the California Endangered Species Act, requiring issuance of a California Incidental Take Permit ("Permit"). CDFG issued a Permit on October 16, 2002. Following issuance of the Permit, HDPP disclosed that an additional 7.3 acres was being used for the project. CEC, pursuant to its certified regulatory program, issued an approval subject to mitigation conditions on December 21, 2001. The additional 7.3 acres requires a minor amendment to HDPP's Permit from CDFG.	NOD	
2001032084	Proposed Pierce's Disease Food and Agriculture, Department of -- The proposed project consists of a statewide program to minimize the impact of a pierce's disease in California. A major strategy in the program would be to reduce the spread and occurrence of the glassy-winged sharpshooter, a non-native insect capable of spreading the disease to new areas of California.	NOD	
2001122067	Metcalf Road Property Housing Project San Jose, City of San Jose--Santa Clara Construction of a residential subdivision of 213 detached units located near San Jose between Highway 101 and Metcalf Road. The California Department of Fish and Game (DFG) is executing a lake and Streambed Alteration Agreement Number R3-2002-0490 pursuant to Section 1603 of the Fish and Game Code to the project operator, Jim Sullivan/Braddock and Logan.
